

Denture Conversions for Full-Arch Hybrid Treatment

Tuesday, April 26, 2022 · 6:00 to 9:00 PM

As part of our continuing education series on full-arch treatment, we are offering another hands-on workshop for direct denture conversions in conjunction with Friendship Dental Lab.

The program will include an overview of the treatment sequence, a review of the lab treatment options for using the direct denture conversion technique in single and dual arch situations, and a step-by-step denture conversion hands-on exercise.

If you have a case you would like to discuss at the meeting, please contact Kathy Cropper, our Implant Coordinator in Hunt Valley on her direct line 443-353-5808.

SPEAKERS:

Julius Hyatt, DDS and *Michael Schwartz, DDS* will present the presurgical work-up and overview of surgical procedures.

The team at *Friendship Dental Lab* will present the restorative and lab procedures and conduct the hands-on workshop with *Steve Hollister, Straumann Senior Regional Director*.

LOCATION

FRIENDSHIP DENTAL LAB
8510 Philadelphia Road · Rosedale, MD 21237
